

# 2006 Work Plan for Sudan - Sector plan objectives by sector

*Sector plan objectives - Basic Infrastructure and Settlement Development*

## Basic Infrastructure and Settlement Development

### Abyei

*Basic Infrastructure and Settlement Development*

#### Recovery and Development

- A\_BI\_1** *To build capacity of the local administration in participatory and inclusive mechanisms for the planning and management of recovery and development.*
- A\_BI\_2** *To create conditions that support voluntary returns, the reintegration of former combatants and Internally Displaced Persons (IDPs), and reduce poverty in all groups.*
- A\_BI\_3** *To construct youth, women and community development centres in Abyei and surrounding areas.*
- A\_BI\_4** *To develop the road network as a means to allow greater freedom of movement and ensure access to markets.*
- A\_BI\_5** *To strengthen the local economy of the returnees and host communities.*

### Blue Nile

*Basic Infrastructure and Settlement Development*

#### Recovery and Development

- BN\_BI\_1** *To adopt a participatory approach in the planning, management, implementation, monitoring and evaluation of recovery and development interventions.*
- BN\_BI\_2** *To improve basic infrastructure and social services in relevant areas to reduce poverty in all groups, reduce the potential for disaster, and support voluntary returns of Internally Displaced Persons (IDPs) to communities of origin and facilitate reintegration.*

### Darfur

*Basic Infrastructure and Settlement Development*

#### Humanitarian Action

- D\_BI\_1** *To improve access to basic social services and public infrastructure.*

### Eastern Sudan

*Basic Infrastructure and Settlement Development*

#### Recovery and Development

- E\_BI\_1** *To adopt a participatory approach in the planning, management, implementation, monitoring and evaluation for recovery and development interventions.*
- E\_BI\_2** *To support the productive capacity of communities to improve living standards.*
- E\_BI\_3** *To support the energy sector—also include support to renewable energy sources.*
- E\_BI\_4** *To improve basic infrastructure and social services in rural areas to reduce poverty in all groups, reduce the potential for disaster, and assist voluntary returns of Internally Displaced Persons (IDPs) to communities of origin.*

### Khartoum and Other Northern States

*Basic Infrastructure and Settlement Development*

#### Recovery and Development

- KN\_BI\_1** *To adopt a participatory approach in the planning, management, implementation, monitoring and evaluation for recovery and development interventions.*
- KN\_BI\_2** *To support the productive capacity of communities to improve living standards.*
- KN\_BI\_3** *To improve basic infrastructure and social services in relevant areas to reduce poverty in all groups, reduce the potential for disaster, and assist voluntary returns of Internally Displaced Persons (IDPs) to communities of origin or facilitate reintegration.*
- KN\_BI\_4** *To upgrade all Internally Displaced Person (IDP) camps and informal settlements in the metropolitan Khartoum area so that those IDPs who choose to stay in Khartoum are integrated into the city, including the upgrade to adequate levels of the water, sanitation, energy, storm water, roads, public transport access, telecommunications, education, health, welfare and local government facilities and services.*
- KN\_BI\_5** *To support the productive capacity of communities to improve living standards.*

**Southern Sudan***Basic Infrastructure and Settlement Development***Humanitarian Action**

- S\_BI\_1** *To increase river transport capacity to assist the return of IDPs and returnees, and other humanitarian traffic along the White Nile river and provide a transport alternative to air operations while reducing transport costs.*
- S\_BI\_2** *To construct and or repair approximately 1,500 kilometres of main road linking nine state capitals - north/south - and three bordering countries and reclaim land in the flooded Bor area of return thus permitting WFP and other relief agencies to transport larger quantities of aid by road, to more locations; Reducing the cost of access to services, thus stimulating self sufficiency and economic productivity; and providing a reliable and cost-effective alternative to air transport.*

**Recovery and Development**

- S\_BI\_3** *To support the development and implementation of an agreed urban management framework for efficient coordination among all levels of administration.*
- S\_BI\_4** *To support municipal authorities in Juba, Wau and Malakal in initiating a participatory process of urban rehabilitation and integrated basic services delivery.*
- S\_BI\_5** *To undertake a sectoral profile study in Juba, Wau and Malakal on increased municipal revenue generation with an aim to implement systems in these three towns and improve overall financial management and accountability.*
- S\_BI\_6** *To develop and implement systems within Juba, Wau and Malakal to allow for transparent and equitable urban land allocation; and agree on procedures for granting secure tenure, including to returnees and IDPs.*
- S\_BI\_7** *To support the formulation of strategic frameworks for local recovery in Juba and the ten states capitals and counties.*

**Cross-sector Support for Return****Darfur***Cross-sector Support for Return***Humanitarian Action**

- D\_RR\_1** *To promote the principle of voluntary return (based on an informed decision) in safety and dignity and prevent the occurrence of involuntary returns.*
- D\_RR\_2** *To support the creation of an environment which is conducive to voluntary return in safety and dignity and prevents further displacement.*
- D\_RR\_3** *To facilitate the return of Internally Displaced Persons (IDPs) and refugees when/if the situation is conducive as the result of a significant improvement in the security situation and implementation of a viable peace agreement.*

**National Programmes***Cross-sector Support for Return***Humanitarian Action**

- NP\_RR\_1** *To ensure that 680,000 returnees can access minimum levels of service en route to their areas of origin.*
- NP\_RR\_2** *To ensure returns are in safety and dignity through the safe passage of 54,000 spontaneous returnees through insecure areas, and 200,000 organised returnees along their whole journey (140,000 refugees and 60,000 Internally Displaced Persons (IDPs)).*
- NP\_RR\_3** *To ensure returns are truly voluntary through the promotion of informed decisions and freedom of choice, providing adequate and timely information to some 560,000 returnees, and to receiving communities.*
- NP\_RR\_4** *To ensure effective planning for delivery of services en route and in areas of return, as well as monitoring of protection concerns.*

## DDR

### National Programmes

DDR

#### Recovery and Development

- NP\_DDR\_1 To demobilise and reintegrate special target groups: Children Associated with Armed Forces and Groups (CAAFG), Women Associated with Armed Forces and Groups (WAAFG) and disabled ex-combatants—coordinated with protection and human rights education and vocational training sectors.*
- NP\_DDR\_2 To build the capacity of national authorities in the North and South to plan and implement the multi-year DDR programme.*
- NP\_DDR\_3 To support the implementation of the national arms reduction and control programme at state and community levels.*
- NP\_DDR\_4 To establish a Community Security Fund (CSF) to support security enhancement activities in high risk communities.*

## Education and Vocational Training

### Abyei

Education and Vocational Training

#### Humanitarian Action

- A\_E\_1** To ensure access to quality basic education for 5,000 primary school-age children belonging to displaced families and their host communities.
- A\_E\_2** To ensure access to quality basic education for 10,000 returnee children and receiving community children.

#### Recovery and Development

- A\_E\_3** To increase availability of complementary basic education for 1,500 school children, adolescents and adults.
- A\_E\_4** To ensure access to vocational skills training for 1,000 adolescents and adults with special needs.
- A\_E\_5** To contribute to the establishment of a functioning education sector management system to increase the number of educational facilities, boost enrolment, sustain participation to increase completion rates and ensure acceptable level of learning in order to achieve Millennium Development Goal (MDG) targets.

### Blue Nile

Education and Vocational Training

#### Humanitarian Action

- BN\_E\_1** To ensure access to quality basic education for 25,000 primary school-age children belonging to displaced families and host community residents.
- BN\_E\_2** To ensure access to quality basic education for 23,000 returnee children and receiving community children.

#### Recovery and Development

- BN\_E\_3** To ensure basic education for 1,500 pupils of families affected by conflict and natural disaster to prevent displacement due to the lack of educational facilities and opportunities.
- BN\_E\_4** To increase availability of complementary basic education for 1,000 school children, adolescents and adults.
- BN\_E\_5** To ensure access to vocational skills training for 875 adolescents and adults with special needs.
- BN\_E\_6** To contribute to the establishment of a functioning education sector management system to increase number of educational facilities, boost enrolment, sustain participation to increase completion rates and ensure acceptable level of learning in order to achieve Millennium Development Goal (MDG) targets.

### Darfur

Education and Vocational Training

#### Humanitarian Action

- D\_E\_1** To ensure access to quality basic education for 400,000 (110,000 South, 170,000 North, and 120,000 West) conflict-affected primary school-aged children throughout Darfur, including 45,000 nomadic children, with 50 percent being girls.
- D\_E\_2** To ensure availability of complementary basic education for 45,000 (15,000 North Darfur, 15,000 South Darfur and 15,000 West Darfur) out-of-school children, youth (15 to 18 years of age) and adults, at least 50 percent of whom are girls or women.
- D\_E\_3** To ensure availability of vocational skills training programmes for 3,000 (1,000 North Darfur, 1,000 South Darfur and 1,000 West Darfur) out-of-school children, youth (15 to 18 years of age) and adults, at least 50 percent of whom are girls or women.

**Eastern Sudan***Education and Vocational Training***Humanitarian Action**

- E\_E\_1** To ensure access to quality basic education for 46,000 primary school age children belonging to displaced or returning families and receiving communities.
- E\_E\_2** To ensure basic education for 6,500 pupils of families affected by conflict and natural disaster to prevent displacement due to the lack of educational facilities and opportunities.

**Recovery and Development**

- E\_E\_3** To expand access to basic education in disadvantaged areas through the establishment of additional facilities and systems to ensure the availability of quality education to 12,200 pupils in selected disadvantaged communities and groups with low enrolment rates—including nomads, with a special focus on girls.
- E\_E\_4** To increase availability of complementary basic education for 18,000 school children, adolescents and adults.
- E\_E\_5** To ensure access to vocational skills training for 2,000 adolescents and adults with special needs.
- E\_E\_6** To contribute to the establishment of a functioning education sector management system to increase number of educational facilities, boost enrolment, sustain participation to increase completion rates and ensure acceptable level of learning in order to achieve Millennium Development Goal (MDG) targets.

**Khartoum and Other Northern States***Education and Vocational Training***Humanitarian Action**

- KN\_E\_1** To ensure access to quality basic education for 90,000 primary school-age children belonging to displaced families and host community residents in Internally Displaced Person (IDP) camps in Khartoum.
- KN\_E\_2** To ensure basic education for 2,500 pupils of families residing in potential areas to be affected by conflict and natural disaster to prevent displacement due to the lack of educational facilities and opportunities.

**Recovery and Development**

- KN\_E\_3** To expand access to basic education in disadvantaged areas through the establishment of additional facilities and systems to ensure the availability of quality education to 25,000 pupils (20,000 in North Kordofan and White Nile and 5,000 in Khartoum IDP camps) in selected disadvantaged communities and groups with low enrolment rates—including nomads and with a special focus on girls.
- KN\_E\_4** To increase availability of complementary basic education for 2,500 school children, adolescents and adults in Khartoum IDP camps and areas with low enrolment in North Kordofan.
- KN\_E\_5** To ensure access to vocational skills training for 1,000 adolescents and adults with special needs in Khartoum.
- KN\_E\_6** To contribute to national policy reform on teacher training, curriculum revision and development of material.
- KN\_E\_7** To contribute to the establishment of a functioning education sector management system to increase number of educational facilities, boost enrolment, sustain participation to increase completion rates and ensure acceptable level of learning in order to achieve the Millennium Development Goal (MDG) targets.

**Southern Kordofan***Education and Vocational Training**Humanitarian Action*

- SK\_E\_1** To ensure access to quality basic education for 75,000 primary school-age children belonging to displaced families and their host communities.
- SK\_E\_2** To ensure basic education for 1,500 pupils of families affected by conflict and natural disaster to prevent displacement due to the lack of educational facilities and opportunities.

*Recovery and Development*

- SK\_E\_3** To expand access to basic education in disadvantaged areas through the establishment of additional facilities and systems to ensure the availability of quality education to 50,000 pupils in selected disadvantaged communities and groups with low enrolment rates—including nomads, with special focus on girls.
- SK\_E\_4** To increase availability of complementary basic education for 1,200 school children, adolescents and adults.
- SK\_E\_5** To ensure access to vocational skills training for 300 adolescents and adults with special needs.
- SK\_E\_6** To contribute to the establishment of a functioning education sector management system to increase number of educational facilities, boost enrolment, sustain participation to increase completion rates and ensure acceptable level of learning in order to achieve the Millennium Development Goal (MDG) targets.

**Southern Sudan***Education and Vocational Training**Humanitarian Action*

- S\_E\_1** To increase equitable access to quality basic education for 700,000 girls and boys and to train 16,000 para professional teachers, with an emphasis on vulnerable groups including internally displaced persons (IDPs), returnees and women.
- S\_E\_2** To increase equitable access to quality accelerated learning opportunities for 100,000 vulnerable children, young people and adults.

*Recovery and Development*

- S\_E\_3** To provide infrastructure to ensure that 200,000 girls and boys are learning in child friendly school (CFS) environments.
- S\_E\_4** To support the Ministry of Education (MoE) in developing an education sector strategy for Southern Sudan.
- S\_E\_5** To provide access to basic teacher training is available to 9,000 males and females with vocational aspirations in education.
- S\_E\_6** To improve the provision of secondary education in Upper Nile with a particular focus on female education.

## Food Aid

### Abyei

Food Aid

#### Humanitarian Action

- A\_F\_1** To meet the basic food needs of 4,000 conflict-affected IDPs.
- A\_F\_2** To support the spontaneous and organised return and reintegration of 17,000 returning IDPs and refugees, and other vulnerable groups in the host communities.
- A\_F\_3** To utilise food aid to support nutrition sector plan objectives so as to facilitate the shift from humanitarian aid to recovery and development assistance.

### Blue Nile

Food Aid

#### Humanitarian Action

- BN\_F\_1** To meet the basic food needs of 45,000 conflict-affected IDPs.
- BN\_F\_2** To support the spontaneous and organised return and reintegration of 95,000 returnees and other vulnerable groups in host communities.
- BN\_F\_3** To utilise food aid to support food security and livelihoods, nutrition, education and basic infrastructure sector plan objectives so as to facilitate the shift from humanitarian aid to recovery and development assistance.

### Darfur

Food Aid

#### Humanitarian Action

- D\_F\_1** To meet the basic food needs of 1.5 million Internally Displaced Persons (IDPs) residing in camps.
- D\_F\_2** To meet the basic food needs of one million IDPs residing in rural areas, and rural residents.
- D\_F\_3** To support spontaneous and facilitated return and reintegration of 500,000 IDPs and returnees (from camps and rural areas) to their places of origin.
- D\_F\_4** To utilise food aid to support food security and livelihoods, nutrition, education and basic infrastructure sector plan objectives so as to facilitate the shift from humanitarian aid to recovery and development assistance.

### Eastern Sudan

Food Aid

#### Humanitarian Action

- E\_F\_1** To meet the basic food needs of 65,000 IDPs in camps in Kassala and of 142,000 food-insecure resident populations in Red Sea State.
- E\_F\_2** To prevent potential loss of life due to food insecurity by providing Eritrean refugees residing in camps with adequate food assistance.
- E\_F\_3** To utilise food aid to support nutrition, education and basic infrastructure sector plan objectives to facilitate the shift from humanitarian aid to recovery and development assistance.

### Khartoum and Other Northern States

Food Aid

#### Humanitarian Action

- KN\_F\_1** To meet the basic food needs of 12,000 conflict-affected IDPs in Kosti
- KN\_F\_2** To utilise food aid to support nutrition and education sector plan objectives to facilitate the shift from humanitarian aid to recovery and development assistance

**Southern Kordofan**

Food Aid

**Humanitarian Action**

- SK\_F\_1** *To meet the basic food needs of conflict- and drought-affected people, including 300,000 IDPs living in host communities.*
- SK\_F\_2** *To support the spontaneous and organised return and reintegration of 270,000 IDPs and refugees, and other vulnerable groups in the host communities.*
- SK\_F\_3** *To utilise food aid to support food security and livelihoods, nutrition, education and basic infrastructure sector plan objectives so as to facilitate the shift from humanitarian aid to recovery and development assistance.*

**Southern Sudan**

Food Aid

**Humanitarian Action**

- S\_F\_1** *To support the stabilisation of the nutritional status of a monthly average of 875,000 food insecure (with a peak of 1.4 million during the hunger gap) including resident populations and Internally Displaced People -IDPs- affected by localised conflict and natural disaster through Emergency General Food Distribution while supporting 87,500 malnourished children under five, pregnant and lactating women, and the chronically ill through blanket supplementary feeding.*
- S\_F\_2** *To support the stabilisation of the nutritional status of a monthly average of 300,000 returnees from 2005.*
- S\_F\_3** *To support the return of about 370,000 IDPs and refugees expected to return to their places of origin or choice.*
- S\_F\_4** *To utilise food aid to support food security and livelihoods; nutrition; and education sector plan objectives in order to facilitate the shift from humanitarian aid to recovery and development assistance.*

## Food Security and Livelihood Recovery

### Abyei

Food Security and Livelihood Recovery

#### Humanitarian Action

- A\_FS\_1** To promote and support the immediate humanitarian needs of returnees, Internally Displaced Persons (IDPs) and host communities (10,000 households (HHs)) to ensure a quick resumption of traditional livelihoods through provision of agricultural inputs, training and income generating activities.

#### Recovery and Development

- A\_FS\_2** To strengthen and rehabilitate the institutional capacity of the technical line ministries to promote and enhance food security for the people of Abyei and introduce appropriate technologies through training, provision of materials, equipment and logistical support.
- A\_FS\_3** To promote conflict transformation through community driven inclusive land and Natural Resource (NR) management.

### Blue Nile

Food Security and Livelihood Recovery

#### Humanitarian Action

- BN\_FS\_1** To promote and support the immediate need of 7,000 host community, returnee and Internally Displaced Persons (IDPs) households to assist the quick resumption of their livelihood system.

#### Recovery and Development

- BN\_FS\_2** To strengthen the capacity of the institutions and community at the local level in order to enhance their ability to provide the required services in agriculture, forestry, livestock and fisheries.
- BN\_FS\_3** To promote conflict transformation through community driven inclusive land and natural resources management.

### Darfur

Food Security and Livelihood Recovery

#### Humanitarian Action

- D\_FS\_1** To protect and promote livelihoods and food security through emergency support to agriculture (250,000 households (HHs)), livestock (100,000 HHs), income generation and markets for food insecure Internally Displaced Persons (IDPs), returnees and resident households.
- D\_FS\_2** To support and protect essential rural livelihoods in conflict-affected areas.
- D\_FS\_3** To mitigate land and Natural Resource (NR) disputes through inclusive community-driven land and NR management in targeted locations.

### Eastern Sudan

Food Security and Livelihood Recovery

#### Humanitarian Action

- E\_FS\_1** To protect livelihoods and promote food security through emergency support to 100,000 households (HHs), income generation and markets for food insecure Internally Displaced Persons (IDPs), returnees and resident households through agricultural, fisheries and livestock interventions.

#### Recovery and Development

- E\_FS\_2** To increase the agricultural production and, protect and support livestock recovery through technical support to line state ministries.
- E\_FS\_3** To enhance the capacity of state and local authorities, civil society and vulnerable groups, to access, manage and share natural resources (NR).
- E\_FS\_4** To improve NR management and environmental rehabilitation.

**Khartoum and Other Northern States**

Food Security and Livelihood Recovery

**Humanitarian Action**

**KN\_FS\_1** To support livelihoods of IDPs and vulnerable groups to ensure dignified living conditions.

**Recovery and Development**

**KN\_FS\_2** To strengthen and rehabilitate the institutional capacity of the technical line state ministries to promote and enhance food security and introduce appropriate technologies.

**Southern Kordofan**

Food Security and Livelihood Recovery

**Humanitarian Action**

**SK\_FS\_1** To respond to the immediate livelihood needs of 40,000 returnees, Internally Displaced Persons (IDPs) and other vulnerable groups in order to restore their knowledge and skills through the introduction of appropriate technologies for increased production in agriculture, fisheries and livestock.

**Recovery and Development**

**SK\_FS\_2** To strengthen the agricultural and livestock services institutions to enable proper planning and management of sustainable recovery and rehabilitation programmes.

**SK\_FS\_3** To promote conflict transformation and sustainable land use through community driven land and natural resource management.

**SK\_FS\_4** To support income generating activities for vulnerable groups and the establishment of marketing infrastructure for livelihood products, micro-credit and microfinance systems.

**Southern Sudan**

Food Security and Livelihood Recovery

**Humanitarian Action**

**S\_FS\_1** To protect livelihood assets and promote food security through emergency support to agriculture (181,000 HouseHolds (HHs)), livestock (285,000 HHs), fisheries (32,000 HHs) for the most food insecure Internally Displaced Persons (IDPs), returnees and resident households in Jonglei, Upper Nile, Northern and Western Bahr el-Ghazal, Lakes, Warab and Eastern Equatoria states.

**S\_FS\_2** To strengthen legal and traditional mechanisms to resolve disputes over land and natural resources for communities in pilot states in four payams, in coordination with the Governance and Rule of Law sector and in support of sustainable livelihoods of returnees—for support to Central and State-level Land Commissions see Governance and Rule of Law Sector.

**Recovery and Development**

**S\_FS\_3** To support the establishment of the Ministry of Agriculture and Animal Resources, Forestry and Fisheries (MAAR) in Southern Sudan, both at central and state level, and establish veterinary services at county and payam level in three states (Eastern Equatoria, Northern Bahr el-Ghazal and Lakes).

**S\_FS\_4** To enhance agriculture, livestock, fisheries and forestry production in the ten states of Southern Sudan and provision of means in support of marketing and trade.

## Governance and Rule of Law

### Abyei

Governance and Rule of Law

#### Recovery and Development

- A\_RL\_1** To enhance capacity amongst all Abyei stakeholders to effectively respond to the current needs in the rule of law sector and to promote principles of rule of law, human rights and justice.
- A\_RL\_2** To improve access to justice through legal aid and advocacy, and foster reconciliation and confidence-building based on statutory, customary law and traditional conflict resolution.
- A\_RL\_3** To enhance the capacity of Abyei civil society organisations to promote good governance, rule of law and peace-building.
- A\_RL\_4** To promote democratic governance through capacity building and institutional development of the Abyei Executive Council.

### Blue Nile

Governance and Rule of Law

#### Recovery and Development

- BN\_RL\_1** To enhance capacity amongst all Blue Nile stakeholders to effectively respond to the current needs in the rule of law sector.
- BN\_RL\_2** To improve access to justice through legal aid and advocacy, and foster reconciliation and confidence-building based on statutory, customary law and traditional conflict resolution.
- BN\_RL\_3** To enhance decentralisation and service delivery through gender-sensitive, pro-poor planning, budgeting and well-established participatory planning processes at all governance levels.
- BN\_RL\_4** To improve and strengthen the social infrastructural base of the Blue Nile State.

### Eastern Sudan

Governance and Rule of Law

#### Recovery and Development

- E\_RL\_1** To enhance capacity amongst all regional stakeholders to effectively respond to the current needs in the rule of law sector and to promote principles of rule of law, human rights and justice.
- E\_RL\_2** To promote peaceful conflict resolution through legal aid and support for customary conflict resolution mechanisms.
- E\_RL\_3** To enhance decentralisation and service delivery through gender-sensitive, pro-poor planning, budgeting and well-established participatory planning processes at all governance levels.
- E\_RL\_4** To enable civil society and particularly marginalised groups to play a proactive role in the development process at the local governance level.

### Khartoum and Other Northern States

Governance and Rule of Law

#### Recovery and Development

- KN\_RL\_1** To improve access to justice through legal aid and advocacy, specifically for the IDPs in and around Khartoum.
- KN\_RL\_2** To enhance the capacity of Sudanese civil society organisations (including media) to promote good governance and peace-building.
- KN\_RL\_3** To support local governance structures of Khartoum State (to be established) to effectively promote transparent and effective service provision.
- KN\_RL\_4** To support localities to design in a participatory manner multi-year development plans with efficient resource allocation and for achievement of Millennium Development Goals (MDGs).

**National Programmes**

Governance and Rule of Law

**Recovery and Development**

- NP\_RL\_1** To enhance capacity amongst national institutions to effectively respond to the current needs in the rule of law, human rights and justice.
- NP\_RL\_2** To enhance the capacity of Sudanese civil society organisations (including media) to promote good governance, rule of law, and peace-building.
- NP\_RL\_3** To promote democratic governance through capacity building and institutional development of the parliamentary bodies, support to the electoral processes and through well-organized civic education programmes.
- NP\_RL\_4** To promote decentralisation and service delivery through effective national data systems for gender-sensitive budgeting, aid coordination, information/statistics management and well-established participatory planning processes at all levels of government.

**Southern Kordofan**

Governance and Rule of Law

**Recovery and Development**

- SK\_RL\_1** To enhance capacity amongst all Sudanese stakeholders to effectively respond to the current needs in the rule of law sector and to promote principles of rule of law, human rights and justice.
- SK\_RL\_2** To improve access to justice through legal aid and advocacy, and foster reconciliation and confidence-building based on statutory law, customary law and traditional conflict resolution.
- SK\_RL\_3** To enhance the capacity of civil society organisations (including media) in Southern Kordofan to promote good governance, rule of law, and peace-building.
- SK\_RL\_4** To promote democratic governance and support the ability of local political leadership to manage and administer civil services, and improve service delivery.

**Southern Sudan**

Governance and Rule of Law

**Recovery and Development**

- S\_RL\_1** To establish a planning, finance and human resource function in ten states, ensuring that there are clearly defined roles, responsibilities and resource mechanisms operating between state and Government of Southern Sudan (GoSS)—including line ministries—and state and county. Initiate the establishment of a finance, human resources and planning function in 30 counties.
- S\_RL\_2** To establish and build capacity for systems that provide for open, transparent and accountable public financial management, and which guard against corruption.
- S\_RL\_3** To lay the foundations for the establishment of an independent judiciary and functioning Ministry of Legal Affairs and Constitutional Development, and for a professional and accountable police and prisons service.
- S\_RL\_4** To promote the emergence of an active and empowered civil society in the ten states of Southern Sudan.
- S\_RL\_5** To promote peaceful coexistence and stability through community initiatives in the ten states of Southern Sudan.

## Health

### Abyei

Health

#### Humanitarian Action

- A\_H\_1** To expand and consolidate the provision of a comprehensive package of basic health services and disease control of acceptable quality.
- A\_H\_2** To strengthen emergency preparedness, response and mitigation activities.

#### Recovery and Development

- A\_H\_3** To build, strengthen and sustain the institutional and human resources capacities of Abyei and local health actors including health authorities.

### Blue Nile

Health

#### Humanitarian Action

- BN\_H\_1** To expand and consolidate the provision of a basic package of services and diseases control particularly to the conflict affected population aiming at reducing mortality and morbidity.
- BN\_H\_2** To strengthening emergency preparedness, response and mitigation.

#### Recovery and Development

- BN\_H\_3** To build, strengthen and sustain the institutional and human resource capacities of the state and local health actors.

### Darfur

Health

#### Humanitarian Action

- D\_H\_1** To strengthen emergency preparedness, response and mitigation.
- D\_H\_2** To expand and consolidate provision of a comprehensive package of basic health services and disease control, of acceptable quality, particularly to the conflict affected population aiming at reducing mortality and morbidity.

### Eastern Sudan

Health

#### Humanitarian Action

- E\_H\_1** To expand and consolidate provision of a comprehensive package of basic services and disease control, of acceptable quality, particularly to the conflict affected population aiming at reducing mortality and morbidity.
- E\_H\_2** To strengthen emergency preparedness, response and mitigation.

#### Recovery and Development

- E\_H\_3** To build, strengthen and sustain the institutional and human resources capacities of the federal, state and local health actors including health authorities and health science institutes.

### Khartoum and Other Northern States

Health

#### Humanitarian Action

- KN\_H\_1** To expand and consolidate the provision of a basic package of services and disease control particularly to the conflict affected population aiming at reducing mortality and morbidity.
- KN\_H\_2** To strengthening emergency preparedness, response and mitigation.

#### Recovery and Development

- KN\_H\_3** To build, strengthen and sustain the institutional and human resource capacities of the state and local actors.

**Southern Kordofan**

Health

**Humanitarian Action**

- SK\_H\_1** To expand and consolidate provision of a comprehensive package of basic services and disease control of acceptable quality, particularly affected population aiming at reducing mortality and morbidity.
- SK\_H\_2** To strengthening emergency preparedness, response and mitigation activities.

**Recovery and Development**

- SK\_H\_3** To build, strengthen and sustain the institutional and human resources capacities of the state and local health actors including health authorities and health science institutes.

**Southern Sudan**

Health

**Humanitarian Action**

- S\_H\_1** To increase service delivery access for host communities, IDPs and returnees.
- S\_H\_2** To ensure regular and timely supply of adequate essential drugs to existing and new health facilities in the ten states of Southern Sudan.
- S\_H\_3** To enhance the implementation of public health interventions for ten million beneficiaries in the ten states of Southern Sudan.

**Recovery and Development**

- S\_H\_4** To increase access to health care delivery services by 1,400,000 people through renovating, reconstructing and equipping existing permanent health institutions in seven states of Southern Sudan.
- S\_H\_5** To improve the quality of health care delivery services through training of key health care workers, at institutional and community level, in six states of Southern Sudan.

**Mine Action****National Programmes**

Mine Action

**Humanitarian Action**

- NP\_MA\_1** To conduct emergency surveys to identify, record and map known dangerous areas, to evaluate the impact of mines and explosive remnants of war (ERW) on proposed activities and to conduct humanitarian clearance of high impacted mine affected areas.
- NP\_MA\_2** To conduct emergency route clearance based on UN Mission in Sudan (UNMIS) and other humanitarian road priorities.
- NP\_MA\_3** To support implementation of the Ottawa Treaty through advocacy and supporting the destruction of stockpiles.
- NP\_MA\_4** To conduct emergency and targeted Mine Risk Education (MRE).
- NP\_MA\_5** To assist victims by defining the scale of the challenge, identifying needs and monitoring and evaluating the responses to needs.

**Recovery and Development**

- NP\_MA\_6** To integrate Mine Risk Education (MRE) into education, health and other basic social services.
- NP\_MA\_7** To strengthen the national capacity to address the long-term socio-economic consequences of landmine and explosive remnants of war (ERW) contamination.

## NFIs, Common Services and Coordination

### Abyei

NFIs, Common Services and Coordination

#### Humanitarian Action

- A\_CCS\_1** *To strengthen coordination and information provision in order to facilitate and advocate for effective and efficient humanitarian assistance when and where required in the overall framework of the Comprehensive Peace Agreement (CPA) implementation.*
- A\_CCS\_2** *To support voluntary spontaneous and organised safe and dignified IDP and refugee returns and vulnerable host communities in areas of return through the provision of a Non-Food Item (NFI) resettlement package to 4,462 households.*
- A\_CCS\_3** *To facilitate the provision of timely, effective and cost efficient humanitarian relief through effective logistics coordination and increasing use of common logistics systems and promotion of common services.*

#### Recovery and Development

- A\_CCS\_4** *To provide institutional knowledge and presence for recovery interventions.*

NFIs, Common Services and Coordination

#### Humanitarian Action

- BN\_CCS\_1** *To strengthen coordination and information provision in order to facilitate and advocate for effective and efficient humanitarian assistance when and where required in the overall framework of the Comprehensive Peace Agreement (CPA) implementation.*
- BN\_CCS\_2** *To support voluntary spontaneous and organised safe and dignified IDP and refugee returns and vulnerable host communities in areas of return through provision of a Non-Food Item (NFI) resettlement package to 33,090 households.*
- BN\_CCS\_3** *To facilitate the provision of timely, effective and cost efficient humanitarian relief through effective logistics coordination and increasing use of common logistics systems and promotion of common services.*

#### Recovery and Development

- BN\_CCS\_4** *To strengthen coordination and information provision to facilitate effective and efficient recovery assistance in support of the Comprehensive Peace Agreement (CPA) and Joint Assessment Mission (JAM).*

### Darfur

NFIs, Common Services and Coordination

#### Humanitarian Action

- D\_CCS\_1** *To facilitate the provision of timely, effective and cost efficient humanitarian assistance by improving coordination and providing timely, quality information and analysis.*
- D\_CCS\_2** *To facilitate humanitarian operations in a safe and secure environment.*
- D\_CCS\_4** *To improve living conditions of 470,500 families of: IDPs; returnees; refugees; and vulnerable persons amongst host or affected populations through the timely provision of Non-Food Items (NFIs).*
- D\_CCS\_5** *To facilitate the provision of timely, effective and cost efficient humanitarian relief through effective logistics coordination and increasing use of common logistics systems and promotion of common services.*

#### Recovery and Development

- D\_CCS\_3** *To provide institutional knowledge and presence for recovery interventions.*

**Eastern Sudan**

NFIs, Common Services and Coordination

**Humanitarian Action**

- E\_CCS\_2** To support vulnerable beneficiaries through the pre-positioning of 22,830 Non-Food Items (NFI) packages for emergency needs distribution.
- E\_CCS\_2 -1** To strengthen coordination and information provision in order to facilitate and advocate for effective and efficient humanitarian assistance when and where required in the overall framework of the Comprehensive Peace Agreement (CPA) implementation.
- E\_CCS\_3** To facilitate the provision of timely, effective and cost efficient humanitarian relief through effective logistics coordination and increasing use of common logistics systems and promotion of common services.

**Recovery and Development**

- E\_CCS\_4** To strengthen recovery coordination in order to facilitate and advocate for effective and efficient recovery assistance when and where required.

**Khartoum and Other Northern States**

NFIs, Common Services and Coordination

**Humanitarian Action**

- KN\_CCS\_1** To strengthen coordination and information provision in order to facilitate and advocate for effective and efficient humanitarian assistance when and where required in the overall framework of the Comprehensive Peace Agreement (CPA) implementation.
- KN\_CCS\_2** To support vulnerable beneficiaries through the pre-positioning of 23,600 NFI packages for emergency needs distribution.
- KN\_CCS\_3** To facilitate the provision of timely, effective and cost efficient humanitarian relief through effective logistics coordination and increasing use of common logistics systems and promotion of common services.

**Recovery and Development**

- KN\_CCS\_4** To strengthen coordination and information provision in order to support, facilitate and advocate for effective and efficient recovery assistance.

**National Programmes**

NFIs, Common Services and Coordination

**Humanitarian Action**

- NP\_CCS\_1** To strengthen coordination and information provision in order to facilitate and advocate for effective and efficient humanitarian assistance when and where required in the overall framework of the Comprehensive Peace Agreement (CPA) implementation.
- NP\_CCS\_2** To facilitate humanitarian operations in a safe and secure environment.
- NP\_CCS\_3** To facilitate the provision of timely, effective and cost efficient humanitarian and recovery assistance and improve access to operation areas by increasing the use of the common transport systems.

**Recovery and Development**

- NP\_CCS\_4** To strengthen recovery coordination in order to facilitate and advocate for effective and efficient recovery assistance in support of the implementation of the Comprehensive Peace Agreement (CPA).

**Southern Kordofan**

NFIs, Common Services and Coordination

*Humanitarian Action*

- SK\_CCS\_1** *To strengthen coordination and information provision in order to facilitate and advocate for effective and efficient humanitarian assistance when and where required in the overall framework of the CPA implementation.*
- SK\_CCS\_2** *To support voluntary spontaneous and organised safe and dignified IDP and refugee returns and vulnerable host communities in the areas of return through provision of an NFI resettlement package to 88,827 households.*
- SK\_CCS\_3** *To facilitate the provision of timely and effective and cost efficient humanitarian relief through effective logistics coordination and increasing use of common logistics systems and promotion of common services.*

*Recovery and Development*

- SK\_CCS\_4** *To strengthen coordination and information provision in order to support, facilitate and advocate for effective and efficient recovery assistance when and where required.*

**Southern Sudan**

NFIs, Common Services and Coordination

*Humanitarian Action*

- S\_CCS\_1** *To strengthen humanitarian coordination and information provision among UN and partners in order to facilitate and advocate for effective, timely and appropriate humanitarian assistance to all vulnerable populations within the overall framework of the Comprehensive Peace Agreement (CPA) implementation in the ten states of Southern Sudan.*
- S\_CCS\_2** *To provide timely and sufficient non food item ( NFI) packages to spontaneous and organised returns and other vulnerable populations (160,000 households (HHs)) where required in Southern Sudan.*
- S\_CCS\_3** *To provide security services to enable UN and NGO staff (estimated to be between 3,800 and 4,500 staff) to operate throughout Southern Sudan in safety and security.*
- S\_CCS\_4** *To strengthen and promote optimum utilisation of logistical and telecommunications resources in the ten states of Southern Sudan.*

*Recovery and Development*

- S\_CCS\_5** *To strengthen the coordination of recovery and development activities in states of Southern Sudan for UN and partners where appropriate.*

## Nutrition

### Abyei

Nutrition

#### Humanitarian Action

- A\_N\_1** To ensure that 2,700 (50 percent) moderately and 400 (50 percent) severely malnourished children under-five and 3,300 (30 percent) pregnant and lactating women, including People Living With HIV/AIDS (PLWHA) among Internally Displaced Persons (IDPs), returnees and host communities in targeted high risk areas of greater Abyei are rehabilitated.
- A\_N\_2** To ensure that 5,400 (50 percent) pregnant and lactating mothers visiting the health facilities in Abyei town and the ten target health centres have information on optimal infant feeding practices (exclusive breastfeeding and complementary feeding), maternal nutrition, low birth weight, growth monitoring and HIV prevention.
- A\_N\_3** To ensure that 37,000 (90 percent) children 6 to 59 months receive Vitamin A capsules twice a year, 3,800 (35 percent) postpartum women receive Vitamin A within eight weeks of delivery and 6,500 (60 percent) pregnant women receive iron and folic acid tablets during antenatal visits.
- A\_N\_4** To ensure that 8,000 (20 percent) households use iodised salt in Abyei.

### Blue Nile

Nutrition

#### Humanitarian Action

- BN\_N\_1** To ensure that 9,000 (50 percent) moderate and 1,400 (50 percent) severely malnourished children under five, 35,000 pregnant and lactating women (30 percent), People Living With HIV/AIDS (PLWHA) among Internally Displaced Persons (IDPs), returnees and host communities in Gessan, Bakori and Kurmuk localities are rehabilitated.
- BN\_N\_2** To ensure that 18,500 (50 percent) pregnant and lactating women visiting the health facilities have information on optimal infant feeding practices (exclusive breastfeeding, complementary feeding and HIV).
- BN\_N\_3** To ensure that 13 out of the 19 health centres, hospital and Child Friendly Community Initiative (CFCI) sites conduct monthly growth monitoring and promotion activities.
- BN\_N\_4** To ensure that 125,000 (90 percent) children six months to five years of age receive Vitamin A capsule twice a year, 13,000 (35 percent) of postpartum women receive Vitamin A within eight weeks of delivery, and 22,000 (60 percent) pregnant women receive iron and folic acid tablets during antenatal visits.
- BN\_N\_5** To ensure that 27,000 (20 percent) households use iodised salt.

### Darfur

Nutrition

#### Humanitarian Action

- D\_N\_1** To prevent and manage acute malnutrition among under five and other vulnerable groups in Internally Displaced Persons (IDPs), returnee and host communities, and rehabilitate at least 54,000 (60 percent) of malnourished children and 36,000 with Blanket Supplementary Feeding (BSF) in targeted areas.
- D\_N\_2** To prevent and treat micronutrient deficiencies in Darfur covering at least 615,000 women of childbearing age and 476,000 children under five (80 percent) by the end of 2006.
- D\_N\_3** To monitor the nutritional status of Internally Displaced Persons (IDPs), returnees and host communities in Darfur.
- D\_N\_4** To ensure that the health professionals from 63 hospitals and health centres have knowledge and skills on 'nutrition minimum package'.

### Eastern Sudan

Nutrition

#### Humanitarian Action

- E\_N\_1** To monitor the nutritional status of children and women in 80 percent of high-risk areas in Kassala and Red Sea States.
- E\_N\_2** To ensure that 30,000 (50 percent) moderately and 4,600 (50 percent) severely malnourished children are rehabilitated at Therapeutic Feeding Centres (TFC), Community Therapeutic Centres (CTCs) and Supplementary Feeding Centres (SFC).
- E\_N\_3** To ensure that 416,000 (90 percent) children up to five years of age receive Vitamin A capsules twice a year, 43,000 (35 percent) postpartum women receive Vitamin A within eight weeks of delivery and 74,000 (60 percent) pregnant women receive iron and folic acid during antenatal visits.
- E\_N\_4** To ensure that 91,000 (20 percent) households consume iodised salt
- E\_N\_5** To ensure that 227,000 (50 percent) households have information on appropriate breastfeeding, complementary feeding, maternal nutrition, low birth and HIV prevention, child growth and development.

**Khartoum and Other Northern States**

Nutrition

**Humanitarian Action**

- KN\_N\_1** To monitor the nutritional status of children, pregnant and lactating women in 60 percent of selected high risk-areas.
- KN\_N\_2** To ensure that 215,000 (50 percent) moderately and 33,000 (50 percent) severely malnourished children under five among Internally Displaced Persons (IDPs), returnees and host communities are rehabilitated in targeted high risk areas.
- KN\_N\_3** To ensure that 243 (30 percent) health facilities provide appropriate information to mothers and caregivers on infant feeding, HIV/AIDS prevention, maternal nutrition and monitoring children's' growth.
- KN\_N\_4** To ensure that 2.9 million children under five years of age (90 percent) receive Vitamin A capsules twice a year, 300,000 postpartum women (35 percent) receive Vitamin A within eight weeks of delivery and 525,000 pregnant women (60 percent) receive iron and folic acid tablets during antenatal visits.
- KN\_N\_5** To ensure that 800,000 households (20 percent) use properly iodised salt.

**National Programmes**

Nutrition

**Recovery and Development**

- NP\_N\_1** To support the government in developing protocols, guidelines and training materials for nutrition surveys, feeding programmes and micronutrients.
- NP\_N\_2** To support Government of National Unity (GoNU) in development of a national nutrition policy and a five year strategic plan for implementation.

**Southern Kordofan**

Nutrition

**Humanitarian Action**

- SK\_N\_1** To monitor the nutritional status of under-five children, pregnant and lactating women in 80 percent of selected high risk areas.
- SK\_N\_2** To ensure that 14,500 under-five moderately (50 percent) and 2,200 severely (50 percent) malnourished children, 262,000 pregnant and lactating women (30 percent), including people living with HIV/AIDS (PLWHA) among Internally Displaced Persons (IDPs), returnees and host communities in Kadugli are rehabilitated.
- SK\_N\_3** To ensure that 200,000 children under five (90 percent) receive Vitamin A capsules twice a year, 20,000 postpartum women (35 percent) receive Vitamin A within eight weeks of delivery and 35,000 pregnant women (60 percent) receive iron and folic acid tablets during antenatal visits.
- SK\_N\_4** To ensure that 44,000 households (20 percent) use iodised salt in Southern Kordofan.
- SK\_N\_5** To ensure that 18 health facilities (70 percent) provide information on optimal infant feeding practices (exclusive breastfeeding, complementary feeding and infant feeding in the context of HIV/AIDS), maternal nutrition, growth monitoring, low birth prevention to pregnant, lactating women and care givers.

**Southern Sudan**

Nutrition

**Humanitarian Action**

- S\_N\_1** To improve the nutritional status of target groups among the host and returnee population in all targeted areas with a focus on vulnerable areas with high malnutrition rates.
- S\_N\_2** To build the capacity of the Government of Southern Sudan (GoSS) Secretariat of Health (SoH) nutrition department at the central level, in the ten states and a minimum of ten counties in the nutrition programme, to enable effective assessments, planning, implementation and monitoring of nutrition programmes in coordination with the food security and livelihoods sector.
- S\_N\_4** To integrate nutrition into every level of the health care service and ensure minimum standards of nutrition services at 100 Primary Health Care Units (PHCUs), 20 Primary Health Care Centres (PHCCs) and four hospitals.
- S\_N\_5** To strengthen the nutrition component within Emergency Preparedness and Response (EP&R) assessments to effectively assess and manage nutrition emergencies.

**Recovery and Development**

- S\_N\_3** To build the capacity of ten Sudanese Indigenous NGOs (SINGOs) or Community Based Organisations (CBOs) to implement nutrition programmes in partnership with international NGOs in seven states of Southern Sudan.

## Protection and Human Rights

### Abyei

Protection and Human Rights

#### Humanitarian Action

- A\_HR\_1** *To promote and safeguard protection of civilians through monitoring, reporting and responsive action, pay special attention to protection risks arising from the arrival of returnees as well as Internally Displaced Persons (IDPs) migrating through the area on their way home. (see also sector plan for RRR).*
- A\_HR\_2** *To mainstream protection and HR concerns into overall assistance and recovery activities.*
- A\_HR\_3** *To ensure protection by humanitarian, development actors as well as administration and government of children as a category at special risk due to demographic movements in the Abyei area.*
- A\_HR\_4** *To support authorities in the implementation of an efficient policy against Gender-Based Violence (GBV), in particular by establishing a referral pathway for GBV survivors, and raise awareness among persons at risk and survivors of GBV about their rights, and ensure protection and legal assistance for them.*

### Blue Nile

Protection and Human Rights

#### Humanitarian Action

- BN\_HR\_1** *To ensure safe and voluntary return of returnees, both refugees and Internally Displaced Persons (IDPs). (see also sector plan RRR).*
- BN\_HR\_2** *To ensure harmonious reintegration of returnees, and protection of the local population, displaced and returnee population through community based activities.*
- BN\_HR\_3** *To ensure the creation of a policy and legal environment complying with International Humanitarian and Human Rights (HR) laws, principles and standards as a means of protecting vulnerable groups and people at risk.*

### Darfur

Protection and Human Rights

#### Humanitarian Action

- D\_HR\_1** *To reinforce the protection of civilians in Darfur, with special attention to vulnerabilities of Internally Displaced Persons (IDPs), host communities and the general population, that are due to the crisis of internal displacement. Create a protective environment in camps, IDP settlements and host communities. Ensure adequate reflection of protection issues related to the return of IDPs in cross-sectoral coordination, planning, and implementation of responses (see also sector plan for RRR).*
- D\_HR\_2** *To improve respect for Human Rights (HR) and International Humanitarian Law, through the provision of access to remedies for violations or abuses. Enhance capacity among Sudanese stakeholders (state institutions, civil society, IDPs and their representatives, general population) to effectively respond to the current gaps in the Rule of Law sector, improve access to justice through legal aid and advocacy, and foster reconciliation and confidence-building processes. Foster reconciliation, confidence-building and conflict resolution processes.*
- D\_HR\_3** *To strengthen the capacities of communities, authorities and other partners to protect children in Darfur from violence, exploitation, abuse, and deprivation from primary care givers, and ensure adequate responses where children are in danger or have become victims.*
- D\_HR\_4** *To reinforce prevention against Gender-Based Violence (GBV), ensure that vulnerable persons and survivors of GBV receive adequate protection and assistance and create an enabling environment for groups and persons vulnerable to GBV.*

### Eastern Sudan

Protection and Human Rights

#### Humanitarian Action

- E\_HR\_1** *To promote the creation of an environment conducive to the protection, respect of Human Rights (HR), and access to justice of Internally Displaced Persons (IDPs), refugees, returnees and host communities.*
- E\_HR\_2** *To ensure that refugees in Eastern Sudan and possible new arrivals have access to basic services in the camps while waiting for durable solutions through resettlement, voluntary repatriation or integration in the local communities.*
- E\_HR\_3** *To strengthen the protection of vulnerable children.*
- E\_HR\_4** *To enhance protection of women against Gender-Based Violence (GBV).*

**Khartoum and Other Northern States**

Protection and Human Rights

**Humanitarian Action**

- KN\_HR\_1** To ensure remedial assistance by the competent authorities, and where appropriate by auxiliary actors, to persons in immediate humanitarian need due to inadequate administrative action or policies, in particular in the course of forced relocations, in Internally Displaced Person (IDP) settlements and areas of urban poverty and exclusion in Khartoum State.
- KN\_HR\_2** To provide direct support to victims of Human Rights (HR) violations and violence.
- KN\_HR\_3** To strengthen protection and human rights (HR) through information dissemination.
- KN\_HR\_4** To ensure that protection and Human Rights (HR) is mainstreamed into humanitarian assistance.

**National Programmes**

Protection and Human Rights

**Humanitarian Action**

- NP\_HR\_1** To ensure the rights of Sudanese displaced (IDPs and refugees), including the right to voluntary return, in safety and with dignity, and to effective reintegration in return areas and integration at places of displacement.
- NP\_HR\_2** To create and strengthen a protective environment for children.

**Southern Kordofan**

Protection and Human Rights

**Humanitarian Action**

- SK\_HR\_1** To support voluntary, safe and dignified return of Internally Displaced Persons (IDPs). (see also sector plan for RRR)
- SK\_HR\_2** To ensure protection is mainstreamed into humanitarian response, recovery and development programmes.
- SK\_HR\_3** To promote an environment conducive to the protection of civilians and the promotion of Human Rights (HR).
- SK\_HR\_4** To assist and support individual victims of violence and abuse.

**Southern Sudan**

Protection and Human Rights

**Humanitarian Action**

- S\_HR\_1** To set up appropriate mechanisms to support the safe and voluntary return of approximately 366,000 returnees including 94,000 refugee returnees—coordinated with coordination and common services, governance and rule of law and return and reintegration sectors.
- S\_HR\_2** To enhance the reintegration and protection of the local population—both resident and returnee— by developing community based institutions and structures for protection and legal advice in 15 counties of return and the four largest towns in Southern Sudan.
- S\_HR\_3** To support systems for the care and protection of 10,000 very vulnerable children in Southern Sudan, including the major towns of Wau, Awiel, Juba, Torit and Malakal.
- S\_HR\_4** To strengthen systems within the humanitarian community and UNMIS to promote compliance with UN Secretary General (SG) and Security Council protection mechanisms on personal sexual behaviour, and monitoring and reporting of grave violations of human rights.

**Recovery and Development**

- S\_HR\_5** To support the GoSS, state authorities and local authorities to create a legal environment complying with GoSS law and human rights standards to protect both resident and returnees and refugees—in coordination with Governance and Rule of Law Sector.

## Water and Sanitation

### Abyei

Water and Sanitation

#### Humanitarian Action

- A\_WS\_1** To increase access (within one km) to improved water supply (15 lpcd) for 50,000 returnees, host community residents and people affected by disaster in Abyei.
- A\_WS\_2** To increase access to improved sanitary means of excreta disposal for 30,000 affected people and increase awareness on environmental sanitation and hygienic practices in Abyei.
- A\_WS\_3** To build capacity of sector partners and community members on technical and managerial skills to scale up service delivery and enhance sustainability of Water and Environmental Sanitation (WES) facilities in Abyei.

#### Recovery and Development

- A\_WS\_4** To increase access (within 1 km) to improved water supply (20 lpcd) for 60,000 vulnerable people including Guinea Worm (GW) affected populations in Abyei.
- A\_WS\_5** To increase access to improved sanitary means of excreta disposal and increase awareness on environmental sanitation and hygienic practices for 20,000 vulnerable people including Guinea Worm (GW) affected populations in Abyei.
- A\_WS\_6** To build capacity of sector partners and community members on technical and managerial skills to scale up service delivery and enhance sustainability of WES facilities in Abyei.

### Blue Nile

Water and Sanitation

#### Humanitarian Action

- BN\_WS\_1** To increase access (within one km) to improved water supply (15 lpcd) for 165,000 affected people in Blue Nile State.
- BN\_WS\_2** To increase awareness on environmental sanitation and hygiene practices for 165,000 Internally Displaced Persons (IDPs) and increase access to improved sanitary means of excreta disposal for 45,000 affected people in Blue Nile State.
- BN\_WS\_3** To build capacity of sector partners and community members on technical and managerial skills to scale up service delivery and enhance sustainability of WES facilities in Blue Nile State.

#### Recovery and Development

- BN\_WS\_4** To increase access (within one km) to improved water supply (20 lpcd) for 60,000 vulnerable people including Guinea Worm (GW) affected populations in Blue Nile State.
- BN\_WS\_5** To increase access to improved sanitary means of excreta disposal and raise awareness on environmental sanitation and hygienic practices for 20,000 vulnerable people including Guinea Worm (GW) affected populations in Blue Nile State.
- BN\_WS\_6** To build capacity of sector partners and community members on technical and managerial skills to scale up service delivery and enhance sustainability of WES facilities in Blue Nile State.

### Darfur

Water and Sanitation

#### Humanitarian Action

- D\_WS\_1** To ensure continuous availability of improved water services to 1,600,000 IDP and host communities, 120,000 returnees, and 100,000 vulnerable rural people, and to ensure continuous availability of improved sanitation systems serving 1,300,000 IDPs, 120,000 returnees and 100,000 vulnerable rural people in Darfur.
- D\_WS\_2** To increase access to improved water for 800,000 IDPs and host communities, 400,000 returnees and 400,000 vulnerable rural people and to increase access to improved sanitation services for 600,000 IDPs, 400,000 returnees and 400,000 vulnerable rural people in Darfur.
- D\_WS\_3** To empower local communities and Water and Environmental Sanitation (WES) authorities in target areas on management of water and sanitation facilities in Darfur.
- D\_WS\_4** To raise awareness among population of 2.5 million and provide support in connection with safe environment and hygiene issues in Darfur.
- D\_WS\_5** To control the spread of diseases transmitted through mosquitoes and other insects in 75 IDP camps and other target areas in Darfur.

**Eastern Sudan**

Water and Sanitation

**Humanitarian Action**

- E\_WS\_1** To increase access (within one km) to improved water supply (15 lpcd) for 420,000 affected people in Kassala and Red Sea States.
- E\_WS\_2** To increase access to improved sanitary means of excreta disposal for 110,000 affected people, and to raise awareness on environmental hygienic practices for 420,000 affected people in Kassala and Red Sea States.
- E\_WS\_3** To build capacity of sector partners and community members on technical and managerial skills to scale up service delivery and enhance sustainability of WES facilities in the Eastern States.

**Recovery and Development**

- E\_WS\_4** To increase access (within one km) to improved water supply (20 lpcd) for 280,000 vulnerable people including urban poor with low water coverage in the Eastern States.
- E\_WS\_5** To increase access to improved sanitary means of excreta disposal and raise awareness on environmental hygienic practices for 80,000 vulnerable people including urban poor with low sanitation coverage in the Eastern States.
- E\_WS\_6** To build capacity of sector partners and community members on technical and managerial skills to scale up service delivery and enhance sustainability of WES facilities in Eastern Sudan.

**Khartoum and Other Northern States**

Water and Sanitation

**Humanitarian Action**

- KN\_WS\_1** To increase access (within one km) to improved water supply (15 lpcd) for 400,000 affected people in Khartoum and other Northern States.
- KN\_WS\_2** To increase access to improved sanitary means of excreta disposal for 100,000 affected people and to raise awareness on environmental hygienic practices for 400,000 affected people in Khartoum and other Northern States.
- KN\_WS\_3** To build capacity of sector partners and community members on technical and managerial skills to scale up service delivery and enhance sustainability of WES facilities in Khartoum and other Northern States.

**Recovery and Development**

- KN\_WS\_4** To increase access (within one km) to improved water supply (20 lpcd) for 600,000 vulnerable people including the Guinea Worm (GW) affected population in Khartoum and other Northern States.
- KN\_WS\_5** To increase access to improved sanitary means of excreta disposal and raise awareness on environmental hygienic practices for 150,000 vulnerable people including Guinea Worm (GW) affected populations in Khartoum and other Northern States.
- KN\_WS\_6** To build capacity of sector partners and community members on technical and managerial skills to scale up service delivery and enhance sustainability of WES facilities in Khartoum and other Northern States.

**National Programmes**

Water and Sanitation

**Recovery and Development**

- NP\_WS\_1** To build the capacity of national sector partners to respond efficiently and effectively, within seven days, to provide water and sanitation services for 100,000 people affected by emergencies for a period of three months.
- NP\_WS\_2** To build national level capacity for policy and strategy development, set standards, develop guidelines and manuals, skills development, develop database and scale up implementation capacity to reach MDGs

**Southern Kordofan**

Water and Sanitation

**Humanitarian Action**

- SK\_WS\_1** To increase access (within one km) to improved water supply (15 lpcd) for 136,000 affected people in Southern Kordofan.
- SK\_WS\_2** To increase awareness on environmental sanitation and hygienic practices for 136,000 affected people and increase access to improved sanitary means of excreta disposal for 40,000 affected people in Southern Kordofan State.
- SK\_WS\_3** To build capacity of sector partners and community members on technical and managerial skills to scale up service delivery and enhance sustainability of WES facilities in Southern Kordofan.

**Recovery and Development**

- SK\_WS\_4** To increase access (within one km) to improved water supply (20 lpcd) for 300,000 vulnerable people including the Guinea Worm (GW) affected population Southern Kordofan.
- SK\_WS\_5** To increase access to improved sanitary means of excreta disposal and raise awareness on environmental hygienic practices for 45,000 vulnerable people, including people affected by Guinea Worm in Southern Kordofan State.
- SK\_WS\_6** To build capacity of sector partners and community members on technical and managerial skills to scale up service delivery and enhance sustainability of WES facilities in Southern Kordofan State.

**Southern Sudan**

Water and Sanitation

**Humanitarian Action**

- S\_WS\_1** To provide 200,000 people in emergency situations including returnees and marginalised populations with minimum standards—sphere standards—of water, hygiene and sanitation facilities through efficient and effective preparedness and response.

**Recovery and Development**

- S\_WS\_2** To expand access for 400,000 people in rural areas and 200,000 people in small towns to safe water and sanitation in Southern Sudan.
- S\_WS\_3** To promote continuous access to functional water supplies through establishment of operation and maintenance systems in Southern Sudan.
- S\_WS\_4** To increase institutional capacity for coordination, regulation and development of the water sector in the ten states of Southern Sudan.
