Health Indicators

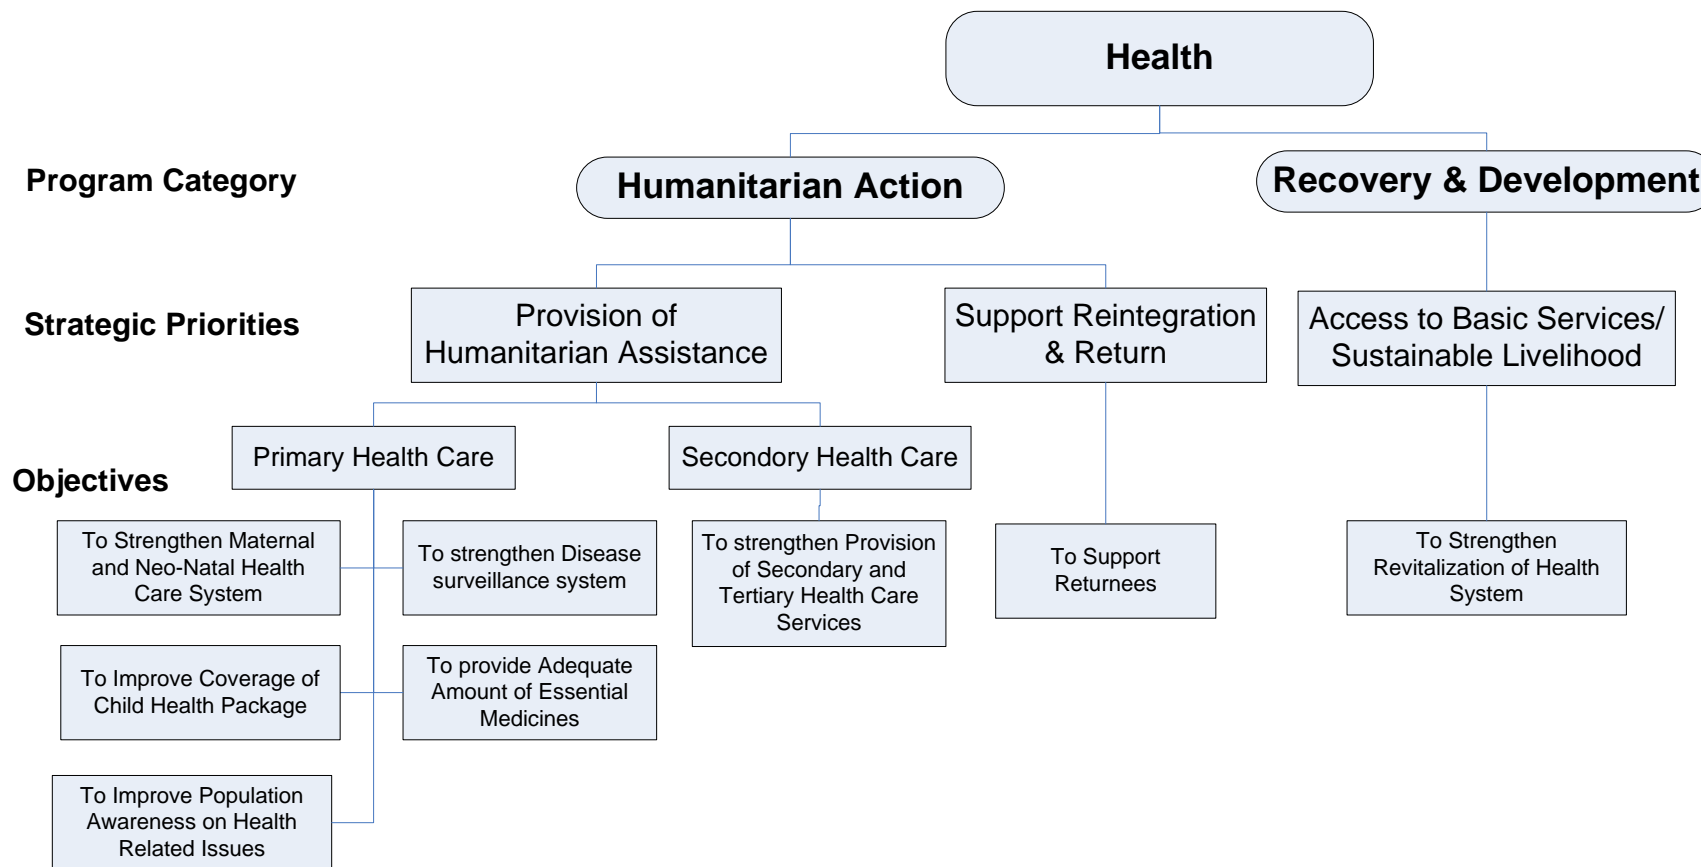

December 2006

Table of Contents

Program Category: Humanitarian Action	3
Strategic Priority: Provision of Humanitarian Assistance (Primary Health Care)	3
Objective (H-1): To Strengthen Disease Surveillance to Rapidly Detect and Respond to Outbreaks	3
Strategy (H-1.1): Decentralization and Support to Detection and Response Capacities for Communicable Diseases (Malaria, Meningitis, Diarrhea Disease, Hemorrhagic Fever, etc)	3
Objective (H-2): To Strengthen and Expand Maternal and Neo-Natal Health Care System .	4
Strategy (H-2.1): Establishing and Expanding EmOC	4
Strategy (H-2.2): Supporting Health Care for SGBV Survivors	4
Strategy (H-2.3): Supporting Fistula Treatment and Care.....	4
Strategy (H-2.4): Supporting Family Planning Services	5
Strategy (H-2.5): Supporting of Other Components of Reproductive Care	5
Objective (H-3): To Improve the Coverage of Child Health Package of Services.....	6
Strategy (H-3.1): Improving Routine Immunization	6
Strategy (H-3.2): Improving Supplementary Immunization.....	6
Strategy (H-3.3): Provision of Integrated Management of Child Illnesses (IMCI).....	7
Objective (H-4): To Provide Adequate Amount of Essential Medicines and Medical Supply	8
Strategy (H-4.1): Treatment of Common Disease	8
Objective (H-5): To Improve Population Awareness of Health Related Issues	9
Strategy (H-5.1): Population Awareness Program on Health Related Issues	9
Strategic Priority: Provision of Humanitarian Assistance (Secondary Health Care)	10
Objective (H-6): To Improve Coverage of Secondary Health Care Services.....	10
Strategy (H-6.1): Strengthen the Secondary and Tertiary Care	10
Program Category: Humanitarian Assistance	11
Strategic Priority: Support Returnees’ Reintegration	11
Objective (H-7): To Support Returnees	11
Strategy (H-7.1): Strengthen Public Health Systems for Returnees	11
Program Category: Recovery & Development	12
Access to Basic Services/ Sustainable Livelihoods	12
Objective (H-8): To Strengthen Revitalization of Health System	12
Strategy (H-8.1): Decentralization and Building Capacity of the Local Health System ..	12

Program Category/ Strategic Priority		Objectives
Humanitarian Assistance		
	Provision of Humanitarian Assistance	
	Primary Health Care	To Strengthen Disease Surveillance to Rapidly Detect and Respond to Outbreaks
		To Strengthen and Expand Maternal and Neo-Natal Health Care Services
		To Improve the Coverage of Child Health Package of Services
		To Provide Adequate Amount of Essential Medicines and Medical Supplies
		To Improve Population Awareness on Health Related Issues
	Secondary Health Care	To Strengthen Provision of Secondary and Tertiary Health Care Services
	Support Reintegration and Return	To Support Returnees
Recovery and Development		
	Access to Basic Services/ Sustainable Livelihoods	To Strengthen Revitalization of Health System

Health Logic Model

Program Category: Humanitarian Action

Strategic Priority: Provision of Humanitarian Assistance (Primary Health Care)

OBJECTIVE (H-1): TO STRENGTHEN DISEASE SURVEILLANCE TO RAPIDLY DETECT AND RESPOND TO OUTBREAKS			
STRATEGY (H-1.1): DECENTRALIZATION AND SUPPORT TO DETECTION AND RESPONSE CAPACITIES FOR COMMUNICABLE DISEASES (MALARIA, MENINGITIS, DIARRHEA DISEASE, HEMORRHAGIC FEVER, ETC)			
Ref	Activity	Output (indicators)	Target Groups
1	Establish and equip public health labs	<ul style="list-style-type: none"> - No. of Labs equipped and functional - No. of reporting sites set up and functional - No. of M&E reports 	<ul style="list-style-type: none"> - Conflict affected communities (IDPs¹, Refugees, Returnees)
2	Organize training programs	<ul style="list-style-type: none"> - No. of training courses conducted - No. of health workers trained on surveillance and epidemic control 	<ul style="list-style-type: none"> - Health workers - Community
3	Expand coverage of EWARS units	<ul style="list-style-type: none"> - No. of functional EWARS² 	<ul style="list-style-type: none"> - Community
4	Provide buffer stock of emergency medicine, medical insecticides and vaccines	<ul style="list-style-type: none"> - Quantity of medicine supplied - Quantity of insecticides - Quantity of bed nets - Quantity of vaccines 	<ul style="list-style-type: none"> - Community

¹ Internally Displaced Persons

² Early Warning and Alert Response System (EWARS)

OBJECTIVE (H-2): TO STRENGTHEN AND EXPAND MATERNAL AND NEO-NATAL HEALTH CARE SYSTEM			
STRATEGY (H-2.1): ESTABLISHING AND EXPANDING EMOC³			
Ref	Activity	Output (indicators)	Target Groups
1	Provide supplies and equipment for BEmOC ⁴ and comprehensive CEmOC facilities	<ul style="list-style-type: none"> - No. of facilities supplied with essential drugs and equipment - No. of functioning centers with basic services - No. of functioning centers with comprehensive services 	<ul style="list-style-type: none"> - Conflict affected communities (IDPs, Refugees, Returnees)
2	Provide training to health providers	<ul style="list-style-type: none"> - No of health workers trained in EmOC 	<ul style="list-style-type: none"> - Health Workers - Community
3	Facilitate referral transportation to beneficiaries	<ul style="list-style-type: none"> - No. of complicated deliveries which take place under medical supervision 	<ul style="list-style-type: none"> - Critical cases
STRATEGY (H-2.2): SUPPORTING HEALTH CARE FOR SGBV⁵ SURVIVORS			
Ref	Activity	Output (indicators)	Target Groups
1	Provide supplies to health centers	<ul style="list-style-type: none"> - No. of facilities receiving supplies 	<ul style="list-style-type: none"> - Health Workers - Community
2	Providing training to health centers	<ul style="list-style-type: none"> - No. of health workers trained 	<ul style="list-style-type: none"> - Health Workers - Community
STRATEGY (H-2.3): SUPPORTING FISTULA TREATMENT AND CARE			
Ref	Activity	Output (indicators)	Target Groups
1	Provide supplies to fistula centers	<ul style="list-style-type: none"> - No. of patients accessing centers 	<ul style="list-style-type: none"> - Health Workers - Community (women)
2	Provide training to service	<ul style="list-style-type: none"> - No. of service providers trained 	<ul style="list-style-type: none"> - Health Workers

³ Emergency Obstetric Care

⁴ Basic EmOC

⁵ Sexual Gender Based Violence (SGBV)

	providers		- Community (women)
STRATEGY (H-2.4): SUPPORTING FAMILY PLANNING SERVICES			
Ref	Activity	Output (indicators)	Target Groups
1	Provide supplies	No. of centers Supplemented	Health facilities
2	Providing training to service providers	No. of service providers trained	Health workers
3	Carry out community outreach campaigns	No. of Campaigns	Communities
STRATEGY (H-2.5): SUPPORTING OF OTHER COMPONENTS OF REPRODUCTIVE CARE			
Ref	Activity	Output (indicators)	Target Groups
1	Provide Ante Natal Care support	- No. of health centers providing ANC	- Communities
2	Provide Post Natal Care support	- No. of health centers providing PNC	- Communities

OBJECTIVE (H-3): TO IMPROVE THE COVERAGE OF CHILD HEALTH PACKAGE OF SERVICES			
STRATEGY (H-3.1): IMPROVING ROUTINE IMMUNIZATION			
Ref	Activity	Output (indicators)	Target Groups
1	Provide vaccines	- No. and type of available vaccines	- U5 children among conflict affected communities (IDPs, Refugees, Returnees) - Mother of child-bearing age
2	Provide cold chain items	- No. of health centers receiving cold chain items - No. of health centers with functional cold chain	- Health Centers
3	Provide training to health worker	- No. of health facilities with trained staff	- Health workers - Health facilities
4	Support operational cost	- Measles coverage - DPT3 coverage - No. of Acute Flaccid Paralysis (AFP)	- U5 children among conflict affected communities (IDPs, Refugees, Returnees) - Mother of child-bearing age
STRATEGY (H-3.2): IMPROVING SUPPLEMENTARY IMMUNIZATION			
Ref	Activity	Output (indicators)	Target Groups
1	Provide vaccines	- No. of NIDs ⁶ conducted - Coverage of the PNIDs ⁷	- U5 children among conflict affected communities (IDPs, Refugees, Returnees) - Mother of child-bearing age

⁶ National Immunization Days (NID)

2	Provide cold chain items	- No. of health centers with functional cold chain	- Health Centers
3	Provide training to health worker	- No. of health workers trained	- Health workers - Health facilities
4	Support operational cost	- No. of NIDs conducted - No. of children vaccinated	- U5 children ⁸ among conflict affected communities (IDPs, Refugees, Returnees) - Mother of child-bearing age
STRATEGY (H-3.3): PROVISION OF INTEGRATED MANAGEMENT OF CHILD ILLNESSES (IMCI)			
Ref	Activity	Output (indicators)	Target Groups
1	Provide supplies to health facilities	- No. of health centers providing IMCI	Children (focusing on U5)
2	Provide training on IMCI	- No. of health workers trained in standard case management - No. of volunteers trained	Health workers Community volunteers

⁷ Polio NIDs (PNID)

⁸ Under 5 children

OBJECTIVE (H-4): TO PROVIDE ADEQUATE AMOUNT OF ESSENTIAL MEDICINES AND MEDICAL SUPPLY			
STRATEGY (H-4.1): TREATMENT OF COMMON DISEASE			
Ref	Activity	Output (indicators)	Target Groups
1	Provide medicine, medical equipment and supplies to health facilities	- No. of health facilities supported	- Health facilities - Community
2	Provide training on: - Utilization of medicine - Stocking of medicine	- No. of health workers trained - No. warehouses appropriately managed	- Health facilities - Community

OBJECTIVE (H-5): TO IMPROVE POPULATION AWARENESS OF HEALTH RELATED ISSUES			
STRATEGY (H-5.1): POPULATION AWARENESS PROGRAM ON HEALTH RELATED ISSUES			
Ref	Activity	Output (indicators)	Target Groups
1	- Dissemination of Prime Health Messages (mass media, leaflets, pamphlets,)	- No. of PHM ⁹ broadcasted by radio - No. of PHM spot aired by TV - No. of pamphlets, leaflets, etc distributed	- General population in conflict affected areas
2	- Promoting school health education	- No. of schools with active health education program	- School Children in conflict affected areas
3	- Promoting oral health in schools (hygiene)	- No. of schools with oral health centers	- School Children in conflict affected areas

⁹ Prime Health Messages

Strategic Priority: Provision of Humanitarian Assistance (Secondary Health Care)

OBJECTIVE (H-6): TO IMPROVE COVERAGE OF SECONDARY HEALTH CARE SERVICES			
STRATEGY (H-6.1): STRENGTHEN THE SECONDARY AND TERTIARY CARE			
Ref	Activity	Output (indicators)	Target Groups
1	Training of health workers	- No. of health workers trained	Health Workers
2	Provision of medical, lab equipment and supplies	- Quantities of supplies - No. of hospitals supported - No. of labs equipped	General population in conflict affected areas
3	Provision of essential medicine	- Quantity of medicine supplied - No. of hospitals supported	General population in conflict affected areas

Program Category: Humanitarian Assistance

Strategic Priority: Support Returnees' Reintegration

OBJECTIVE (H-7): TO SUPPORT RETURNEES			
STRATEGY (H-7.1): STRENGTHEN PUBLIC HEALTH SYSTEMS FOR RETURNEES			
Ref	Activity	Output (indicators)	Target Groups
1	Rehabilitation of PHC facilities	- No. of PHC rehabilitated	IDPs, Returnees and Refugees
2	Construction of new PHC facilities	- No. of PHC constructed	IDPs, Returnees and Refugees
3	Provide training to staff	- No. of Health Workers trained	IDPs, Returnees and Refugees
4	Provision of PHC kits	- No. of PHC kits distributed	IDPs, Returnees and Refugees
5	Vaccination services for mothers and children	- No. of children vaccinated	IDPs, Returnees and Refugees
6	Mental health consultations	- No. of consultations for mental health	IDPs, Returnees and Refugees

Program Category: Recovery & Development

Access to Basic Services/ Sustainable Livelihoods

OBJECTIVE (H-8): TO STRENGTHEN REVITALIZATION OF HEALTH SYSTEM			
STRATEGY (H-8.1): DECENTRALIZATION AND BUILDING CAPACITY OF THE LOCAL HEALTH SYSTEM			
Ref	Activity	Output (indicators)	Target Groups
1	Strengthen Disease Surveillance System	<ul style="list-style-type: none"> - No of EWARS¹⁰ established - No. of Labs equipped - No. of Radio stations established - No. of IT system established - Monitoring & Reporting system establish - Number of Health Workers trained 	<ul style="list-style-type: none"> - General population in conflict affected areas
2	Establish Health Management Information System	<ul style="list-style-type: none"> - No of Reporting units established - No. of Radio stations established - No. of IT system established - Monitoring & Reporting system establish - Number of Health Workers trained 	<ul style="list-style-type: none"> - General population in conflict affected areas
3	Establish and strengthen drug supply system	<ul style="list-style-type: none"> - No. of functional operational hubs - Restocking of drug inventory 	<ul style="list-style-type: none"> - General population in conflict affected areas
4	Strengthen community based Public Health Systems	<ul style="list-style-type: none"> - No. of health facilities rehabilitated - No. of health facilities constructed - No. of Health Workers trained - No. of Counseling centers established - No. of health workers trained - No of patients counseled - No of patients treated 	<ul style="list-style-type: none"> - General population in conflict affected areas

¹⁰ Early Warning and Alert Response System (EWARS)
