Nutrition Logic Model	2
Program Category: Humanitarian Assistance	3
Strategic Priority: Provision of Humanitarian Assistance	3
Objective (N-1): To Contribute to the Reduction of Global Acute Malnutrition (GAM)	3
Strategy (N-1.1): Support Therapeutic Feeding Programs (TFPs)	3
Strategy (N-1.2): Support Targeted Supplementary Feeding Program (SFPs)	3
Strategy (N-1.3): Provide Blanket Supplementary Feeding	4
OBJECTIVE (N-2): To Strengthen Nutrition Surveillance Systems	5
Strategy (N-2.1): Maintain and Expand Nutrition Surveillance System	5
Objective (N-3): To Prevent and Control Micronutrient Deficiency Disorders.....	6
Strategy (N-3.1): Provide Micronutrient Supplementation	6
Strategy (N-3.2):: Support Food Fortification Initiatives	6
Objective (N-4): To Strengthen Access to Maternal and Child Nutrition Services	7
Strategy (N-4.1): Introduce an Integrated Minimum Nutrition Package (MNP)	7
Program Category: Humanitarian Assistance	8
Support Returnees' Reintegration	8
Objective (N-5): To contribute to Reduction of Global Acute Malnutrition (GAM) for Returnees	8
Strategy (N-5.1): Provide Blanket Supplementary Feeding	8
Program Category: Recovery and Development	9
Strategic Priority: Access to Basic Services/ Sustainable Livelihood	9
Objective (N-6): To Prevent and Control Micronutrient Deficiency Disorders.....	9
Strategy (N-6.1): Provide Micronutrient Supplementation	9
Strategy (N-6.2): Support Food Fortification Initiatives	9
Objective (N-7): To Strengthen Access to Maternal and Child Nutrition Services	11
Strategy (N-7.1): Introduce an Integrated Minimum Nutrition Package (MNP)	11
Objective (N-8): To Support the Development and Implementation of National Nutrition Policies and Strategies	12
Strategy (N-8.1): Support MoH Policy Development	12
Strategy (N-8.2):: Health and Nutrition System Capacity Building ...	12

Program category/ Strategic Priority		Objectives
Humanitarian Assistance		
	Provision of Humanitarian Assistance	To Contribute to the Reduction of Global Acute Malnutrition (GAM)
		To Strengthen Nutrition Surveillance Systems
		To Prevent and Control Micronutrient Deficiency Disorders
		To Strengthen Access to Maternal and Child Nutrition Services
	Support Reintegration and Return	To contribute to the Reduction of Global Acute Malnutrition (GAM) for Returnees
Recovery and Development		
	Access to Basic Services/ Sustainable Livelihoods	To Strengthen Access to Maternal and Child Nutrition Services
		To Prevent and Control Micronutrient Deficiency Disorders
		To support the development and implementation of National Nutrition Policies and Strategies

Nutrition Logic Model

Program Category: Humanitarian Assistance

Strategic Priority: Provision of Humanitarian Assistance

OBJECTIVE (N-1): TO CONTRIBUTE TO THE REDUCTION OF GLOBAL ACUTE MALNUTRITION (GAM)			
Strategy (N-1.1): Support Therapeutic Feeding Programs (TFPs)			
Ref	Activity	Output (indicator)	Target Group
1	Rehabilitate and establish new TFCs	<ul style="list-style-type: none"> - No. of new TFCs¹ established and equipped - No. of TFCs rehabilitated and equipped 	<ul style="list-style-type: none"> - Local Communities
2	Training of staff on TFP management	<ul style="list-style-type: none"> - No. of training sessions conducted - No. of staff trained 	<ul style="list-style-type: none"> - Health workers - Community workers - Nutrition workers
3	Provide supplies (e.g., Therapeutic food, equipment and drugs)	<ul style="list-style-type: none"> - Quantity of supplies provided - No. of health facilities/ feeding centers with well functioning TFPs - No. of local communities served - No. of adults served (PLW, elderly, TB patients and disabled) - No. of severely malnourished U5 children rehabilitated 	<ul style="list-style-type: none"> - U5 Children - PLW (Pregnant and Lactating Women) - Elderly - Disabled
Strategy (N-1.2): Support Targeted Supplementary Feeding Program (SFPs)			
Ref	Activity	Output (indicator)	Target Group
1	Provide the necessary supplies	<ul style="list-style-type: none"> - Quantity of supplies provided 	<ul style="list-style-type: none"> - U5 moderately

¹ Therapeutic Feeding Centers (TFC)

	(supplementary food, equipment and drugs)	<ul style="list-style-type: none"> - No. of adults served (PLW, elderly, TB patients and disabled) - No. of moderately malnourished U5 children rehabilitated 	malnourished children <ul style="list-style-type: none"> - PLW - Elderly - Disabled
2	Training of staff on SFP management	<ul style="list-style-type: none"> - No. of training sessions conducted - No. of staff trained 	<ul style="list-style-type: none"> - Health workers - Community workers - Nutrition workers
Strategy (N-1.3): Provide Blanket Supplementary Feeding			
Ref	Activity	Output (indicator)	Target Group
1	Provide supplementary food	<ul style="list-style-type: none"> - Quantity of food distributed - No. of U5 children served - No. of PLWs 	<ul style="list-style-type: none"> - U5 children - PLWs

OBJECTIVE (N-2): To STRENGTHEN NUTRITION SURVEILLANCE SYSTEMS			
Strategy (N-2.1): Maintain and Expand Nutrition Surveillance System			
Ref	Activity	Output indicator	Target Group
1	Maintain routine visits to sentinel sites	- No. of visits to sites covered by the Nutrition Surveillance System (NSS)	- Community
2	Expand the network of sentinel sites	- No. of sites covered by the Nutrition Surveillance System (NSS)	- Community
3	Provide Supplies and Equipment	- Quantity of supplies and equipment	- NSS teams
4	Provide Training to field workers - Rapid Assessment surveys - Coordination - Data collection and analysis - Report writing	- No. of field workers trained	- Field workers
5	Conduct nutrition surveys	- No. of nutrition surveys conducted - No. of reports published and disseminated	- Community - Humanitarian Community - Gvt
6	Monitor feeding centres	- No. of centers reporting	- MoH (Ministry of Health) - UN
7	Publish bi-monthly nutrition bulletins	- No of bulletins published	- Humanitarian community - Government

OBJECTIVE (N-3): TO PREVENT AND CONTROL MICRONUTRIENT DEFICIENCY DISORDERS			
Strategy (N-3.1): Provide Micronutrient Supplementation			
Ref	Activity	Output indicator	Target Group
1	Provide supplements through campaigns (Vitamin A, iodized oil capsules etc)	<ul style="list-style-type: none"> - No. of U5 children who receive supplements - No. of U5 children and women of child-bearing age receiving iodized oil capsules 	<ul style="list-style-type: none"> - U5 Children - Women
2	Provide supplements through routine activities (Vitamin A, iron, folic acid, iodized oil capsules etc)	<ul style="list-style-type: none"> - No. of post-partum women and U5 children supplemented with vitamin A - No. of pregnant women supplemented with iron and folic acid 	<ul style="list-style-type: none"> - PLWs - U5 Children
Strategy (N-3.2):: Support Food Fortification Initiatives			
Ref	Activity	Output indicator	Target Group
1	Conduct Social marketing and mobilization	<ul style="list-style-type: none"> - No. of advocacy workshops conducted - No. of campaigns (Radio, TV, Community etc) launched 	<ul style="list-style-type: none"> - Community

OBJECTIVE (N-4): TO STRENGTHEN ACCESS TO MATERNAL AND CHILD NUTRITION SERVICES			
Strategy (N-4.1): Introduce an Integrated Minimum Nutrition Package (MNP)			
Ref	Activity	Output indicator	Target Group
1	Develop manual	- Manual printed	- Health and nutrition workers
2	Support Growth monitoring	- No of Growth Monitoring Records (GMR)	- U5 children
3	Support Nutrition education	- Quantity of education material distributed - No. of training sessions conducted	- Mothers and other family members
4	Provide training to health workers	- No. of health workers trained	- Health and nutrition workers
5	Provide equipment and supplies (weighing scales; growth monitoring charts; information, education and communication materials - IECs)	- Number of health facilities providing minimum nutrition package.	- Health and nutrition workers
6	Support implementation of the MN package	- No. of health facilities implementing the package - No. of women served - No. of infants and young children served	- Health Facilities - Women and children

Program Category: Humanitarian Assistance

Support Returnees' Reintegration

OBJECTIVE (N-5): TO CONTRIBUTE TO REDUCTION OF GLOBAL ACUTE MALNUTRITION (GAM) FOR RETURNEES

Strategy (N-5.1): Provide Blanket Supplementary Feeding

Ref	Activity	Output indicator	Target Group
1	- Supply and provision of supplementary food	- No. of children served - No. of PLWs	- U5 children (IDPs, Returnees) - PLWs (IDPs, Returnees)

Program Category: Recovery and Development

Strategic Priority: Access to Basic Services/ Sustainable Livelihood

OBJECTIVE (N-6): TO PREVENT AND CONTROL MICRONUTRIENT DEFICIENCY DISORDERS			
Strategy (N-6.1): Provide Micronutrient Supplementation			
Ref	Activity	Output indicator	Target Group
1	Provide supplements through campaigns (Vitamin A, iodized oil capsules etc)	<ul style="list-style-type: none"> - No. of U5 children who receive supplements - No. of U5 children and women of child-bearing age receiving iodized oil capsules 	<ul style="list-style-type: none"> - U5 Children - Women
2	Provide supplements through routine activities	<ul style="list-style-type: none"> - No. of post-partum women supplemented with vitamin A - No. of pregnant women supplemented with iron and folic acid 	<ul style="list-style-type: none"> - Women
Strategy (N-6.2): Support Food Fortification Initiatives			
1	Provide Training <ul style="list-style-type: none"> - management of the mixtures (plants) - train producers on the use of machinery - quality controls and monitoring 	<ul style="list-style-type: none"> - No. of people trained - No. of plants with fully trained staff 	<ul style="list-style-type: none"> - Production staff
2	Provide equipment and supplies (the plant, the fortificant)	<ul style="list-style-type: none"> - Quantity of equipment and supplies - No. of plants equipped and supplied 	<ul style="list-style-type: none"> - Indirectly community
3	Conduct Social marketing and	<ul style="list-style-type: none"> - No. of advocacy workshops 	<ul style="list-style-type: none"> - Community

	mobilization	conducted - No. of campaigns (Radio, TV, Community etc) launched	
4	Advocate for policy development and legislation	- Policy/legislation passed	- Government

OBJECTIVE (N-7): TO STRENGTHEN ACCESS TO MATERNAL AND CHILD NUTRITION SERVICES			
Strategy (N-7.1): Introduce an Integrated Minimum Nutrition Package (MNP)			
Ref	Activity	Output indicator	Target Group
1	Develop manual	- Manual printed	- Health and nutrition workers
2	Provide training to health workers	- No. of health workers trained	- Health and nutrition workers
3	Support Growth monitoring	- No of Growth Monitoring Records (GMR)	- U5 children
4	Support Nutrition education	- Quantity of education material distributed - No. of training sessions conducted	- Mothers and other family members
5	Provide equipment and supplies (weighing scales; growth monitoring charts; information, education and communication materials - IECs)	- Number of health facilities providing minimum nutrition package.	- Health and nutrition workers
6	Support implementation of the MN package	- No. of maternal women served - No. of infants and young children served	- Women and children

OBJECTIVE (N-8): To SUPPORT THE DEVELOPMENT AND IMPLEMENTATION OF NATIONAL NUTRITION POLICIES AND STRATEGIES			
Strategy (N-8.1): Support MoH Policy Development			
Ref	Activity	Output indicator	Target Group
1	Provide training to MoH staff: - Advocacy - Legislation development -	- No. of health workers trained	- MoH staff
2	Provide technical assistance to the MoH	- Policy Developed	- MoH
Strategy (N-8.2):: Health and Nutrition System Capacity Building			
1	Provide training to health workers - Management of acute malnutrition - Monitoring and Evaluation - Communication and Coordination - Implementation of the MNP	- No. of health workers trained	- Ministry of Health (MoH) employees - NGOs staff - Community workers
